DUETTE®

Honeycomb Shades

Duette® shades were the world's first honeycomb shades and are still the most sought-after. And for good reason. Four different kinds of fabric – from sheer to fully opaque – give you light control and privacy options you've never dreamed possible.

Style. Duette shades come in an extensive wardrobe of fabrics and textures with a remarkably wide spectrum of colors, from the softest neutrals to exquisite jewel tones.

With three pleat sizes, $\frac{3}{8}$ " $\frac{3}{4}$ " and our exclusive $1\frac{1}{4}$ ", it's like creating your window fashion from scratch.

Only Duette shades offer this range of elegant choices.

— Duette® shades have a patented honeycomb construction and are available in single, double and triple layers.

— Our TruePleat™ technology ensures crisp, neat pleats that always retain their shape.

— Duette honeycomb shades offer the highest energy-efficient options with Phenomena™ Triple Honeycomb and Encore™ Double Honeycomb fabrics.

— Innovative lifting systems like UltraGlide® retractable cord and TruRise™ counterbalanced systems present revolutionary ways to raise and lower shades.

— Duette with PowerRise® battery operated remote control and motorized EasyRise™ lifting systems provide convenient and easy operation at the touch of a button.

— Cordless designs, retractable cords and cord tensioners offer enhanced child and pet safety.

Duette with LiteRise® Top-Down/Bottom-Up is an example of the many innovative ways to cover your windows.

The exclusive Duette with Vertiglide™ shades have vertical honeycomb pleats that open from side to side.

SILHOUETTE

Window Shadings

Unlike any other product in the market today, Silhouette® window shadings give you the ability to transform light into gentle, diffused beauty.

Style. This unparalleled elegance is versatile enough to complement any window in your home.

And our full palette of colors and variety of vane sizes and fabrics allow for limitless design possibilities.

2" vane

3" vane

4" vane

—The Silhouette® soft fabric vanes are suspended between two sheer facings to soften and diffuse light.

—The vanes tilt for the desired amount of light and privacy.

—Shadings disappear into the headrail for a clean appearance and an uninterrupted view.

—Silhouette shadings come in a wide range of beautiful fabrics, including casual linen and classic woven materials.

—Your valuable furnishings are protected from harmful UV rays, even when the fabric vanes are tilted open.

Turn day into night with our light-dimming Bon Soir™ fabric.

Silhouette window shadings fit beautifully in arched and angled windows, giving any room a finished look.

The Matisse Collection™ of colored sheers transforms a room with bold, dramatic color.

CUSTOM VERTICAL

Blinds

Cadence® Capture the spirit of beautiful design with the gently curved shape of Cadence Soft Vertical Blinds.

— Cadence Motif™ features fabric louvers with the unique, patented profile of the Cadence collection for a soft shape and feel.

— Cadence Impressions™ vinyl louvers blend a soft look with dimension and durability. They offer a range of finishes and patterns.

— The wand/cord combination allows for easy opening and rotation of fabric and vinyl louvers.

— Our DualFold™ valance features molded corners and curved edges to add a high-end finishing touch to your window treatment.

Somner® Our Somner Custom Vertical Blinds feature superb light control to suit your every mood and even create new ones. All with quiet, effortless operation.

Somner Custom Vertical Blinds feature a wide range of fabric and vinyl styles. Select the color, texture, pattern and translucency that best suits your lifestyle.

Crosswinds™ The perfect companion to Country Woods® horizontal wood blinds, the Crosswinds Collection vertical wood blinds combine the warmth and richness of genuine hardwood with modern ingenuity.

—The natural beauty of real wood is displayed in every Crosswinds 3 1/2" vane.

—Our Crestover™ valance is 4 1/2" high. It's the perfect enhancement to your Crosswinds vertical wood blind.

COUNTRY WOODS®

Wood Blinds

3 1/4" Grandover™ valance
(standard)

4 1/2" Havencrest™ valance
(optional)

4 1/2" Windermere™ valance
(optional)

Here are wood blinds as they were meant to be. Natural, solid wood, Country Woods® blinds are the finest quality wood blinds available anywhere.

These natural, organic materials create a warm and intimate mood.

Style. *Country Woods blinds come in four slat sizes (1", 1³/₈", 2" and 2⁵/₈") in a striking range of wood species and finishes, from weathered and rustic to the elegance of fine furniture.*

— Choose from an extensive selection of colors and design options, including decorative tapes and valances as well as room-darkening blinds.

— Our enhanced hardware systems with cord safety features make lifting and lowering our wood blinds safe and easy.

— Optional remote control tilts the wood slats from across the room and puts light control at your fingertips.

Our exclusive TopShield™ finish will protect your wood blinds from everyday wear.

COUNTRY WOODS® EXPOSÉ™

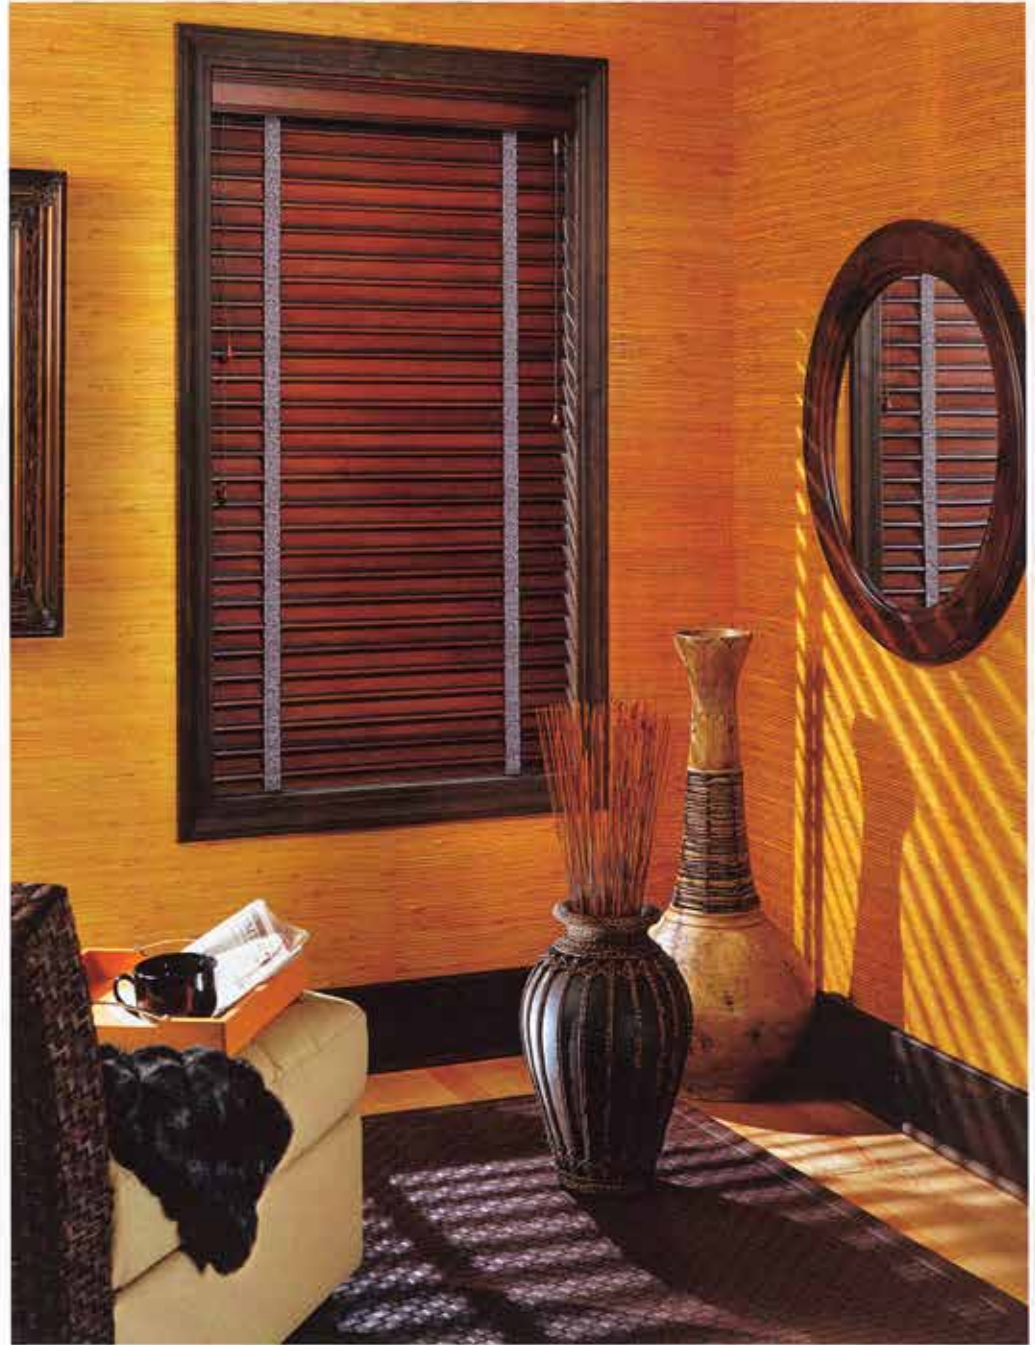

Wood Blinds

Country Woods® Exposé™ fashion-forward collections of wood blinds coordinate with today's hottest new design trends.

Style. Furniture-quality finishes consist of distressed or aged woods, hand-glazed finishes, multi-colored stains and enhanced grain patterns.

Unique valance designs (examples are shown here) include carved bamboo, genuine leather-wrapped or elegant carved designs.

— Extraordinary craftsmanship shows in every detail.

— Distinctive slat shapes provide added dimension and a dramatic look.

— Exclusive decorative tape designs bring a splash of color or harmonize with the wood.

— Every Exposé wood blind features our exclusive TopShield™ finish, a highly durable coating that protects your wood blinds from everyday wear.

— Coordinating wood tassel shapes are the perfect finishing touch.

EVERWOOD® COLLECTION

Alternative Wood Blinds

—All our blinds are backed by our Satisfaction Guarantee that says our exclusive, proprietary materials will not fade, yellow, warp or bow, or we will replace the blinds for free.

— Since EverWood® Collection blinds are perfect for hot, humid environments, you should consider them for bathrooms, kitchens and saunas.

—Our collection includes a wide selection of colors, sizes and finishes, including the exclusive TruGrain® finish, the most realistic stain finish in alternative wood blinds.

—The EverWood Collection includes a full range of options: room darkening, decorative tapes, valances, remote control tilt and a cordless lift system.

Now you can enjoy the look of fine wood blinds at a practical and affordable price.

The EverWood Collection alternative wood blinds won't fade, yellow, warp or bow even in hot, humid conditions or direct sun.

Style. EverWood Collection blinds come in classic 2" slats, 2 1/2" beveled slats reminiscent of wood shutters, and step-up 2 1/2" slats that bring a whole new dimension to your room.
