Roller Panel Systems

A contemporary alternative to shades and drapery. Sliding flat panels may be fabricated from a variety of screen, blackout, and woven fabrics. COM fabrics may be used to fabricate a completely custom look.

PANEL OPTIONS

- BTX - Panel Track
- Goelst - Roller Panel 7300
- Horizons Window Fashions - Elance
- Hand draw, cord draw and motorized operation.
- Wall mounting and ceiling mounting.
- Custom panel widths.

PANEL POSITIONING

	2-TRACK	3-TRACK
Single Stack	A	A
Split Stack	B	B

	4-TRACK	5-TRACK
Single Stack	A	A
Split Stack	B	B

With a split stack arrangement, the lead panels must run in different channels to achieve an overlap. A split stack arrangement like this is therefore not advised.
